

Statement of Excellence

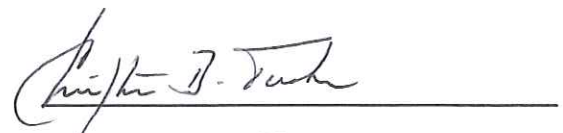

We are committed to delivering exceptional performance while protecting our people, the environment and the assets in our operations.

This is demonstrated by our obligation to:

- Ensure that all managers and employees are accountable for the execution of the operations within the framework of our Management System.
- Prevent injury, ill health and pollution that may result from the operations we control.
- Comply with applicable legal, regulatory, customer and other requirements to which we adhere.
- Manage business risks to a minimum level in all areas of activity.
- Provide our employees with training and awareness to ensure competence.
- Openly communicate, consult and encourage participation from our stakeholders.
- Continually monitor, review and improve our Management System to ensure suitability and effectiveness.

Commitment to this statement by all managers and employees of Tucker Energy Services is fundamental to operational excellence and long term success in business.
